

Appl. No. 10/824,456
Amdt. Dated May 24, 2006

REMARKS

The undersigned would like to extend his thanks to Examiner Seaman for the courtesy of the telephone interview on May 22, 2006 in which she clarified the rejections under 35 USC 112, first and second paragraphs. As was agreed;

- 1) claim 1 has been amended so that R¹ is trifluoromethyl,
- 2) claims 4 and 5 have been cancelled, and;
- 3) claim 8 was amended to replace the phrase "article of manufacture" with "kit".

Additionally, new claims 10-14 have been added that are directed to subgenuses of claim 1 (which was not discussed). Support for these claims may be found on page 15 of the specification. Typographical errors were also corrected in claim 1. It is respectfully submitted that the case is in condition for allowance. Withdrawal of the rejections of record and reconsideration is respectfully requested. If any further minor amendments are required to place the case in condition for allowance, the undersigned invites a phone call to discuss any such proposed amendment

Respectfully submitted,
